INTRODUCTION

Game Description: *Echoes is an isometric action roguelite that revolves around dash-based combat.*

Players step into the shoes of Beira, an amnesiac fae queen, embarking on a quest to regain her lost memories by exploring her former kingdom.

Game Platform: *The target platform is PC and console.*

Interface Design Description: *The interface design for Echoes will have Skeuomorphism and Hand-Drawn styles to create a dynamic and underworld feeling.*

Goals: *Provide players with a sense of exhilaration and empowerment; Challenge players with tense but rewarding gameplay; Keep players coming back for “one more run” every time they die; Provide a high skill ceiling for hardcore players, while maintaining accessibility for more casual gamers.*

The background is a dark, atmospheric illustration of a fantastical city at night. On the left, a tall, illuminated tower with a glowing blue light emanates from its top. The city is built on a dark, rocky terrain with various structures, some of which are illuminated with warm, yellow light. The overall color palette is dominated by dark blues, purples, and blacks, with highlights from the city lights and the tower's glow. The text "Information Architecture" is centered in the middle of the image in a bright blue, sans-serif font.

A snowstorm contained in a sphere. Motes of light twinkle within. It was said that the Queen of Spirits had no choice but to embody the form of Winter for the good of the kingdom; however, with the world frozen over, the other fae court's powers were diminished. Thawne, their representative, pleaded with Beira to end the winter to no avail, causing a rift in their friendship
